Independent Auditors' Report

The Board of Trustees
Lehigh University:

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Lehigh University and its subsidiaries (the University), which comprise the consolidated statement of financial position as of June 30, 2022, and the related consolidated statements of activities and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the University as of June 30, 2022, and the changes in their net assets and their cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for one year after the date the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the University's 2021 consolidated financial statements, and we expressed an unmodified audit opinion on those audited consolidated financial statements in our report dated October 21, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2021 is consistent, in all material respects, with the audited consolidated financial statements from which it has been derived.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying Supplementary Schedule of Financial Responsibility Data is presented for purposes of additional analysis as required by the US Department of Education, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Schedule of Financial Responsibility Data is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 17, 2022, on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

(1) Summary of Significant Accounting Policies

(a) Organization

Lehigh University (the University), an independent, nondenominational, coeducational university, is incorporated in the Commonwealth of Pennsylvania as a nonprofit corporation and is a tax-exempt organization as described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. The University is accredited by the Middle States Association of Colleges and Schools.

Founded in 1865, the University has approximately 5,500 undergraduates within its major units – the College of Arts and Sciences, the College of Business, the College of Health, and the P.C. Rossin College of Engineering and Applied Science – and approximately 1,800 students enrolled in graduate programs offered through these colleges and in the College of Education.

The University's subsidiary organization, LU Properties, LLC (LU Properties), a Pennsylvania limited liability company, serves as Manager for limited liability companies that were established as a result of a real estate gift. The University is the sole member of all of the limited liability companies. As Manager, LU Properties is responsible for the strategic and operational aspects of the real estate investment. The results of their operations are shown as nonoperating investment return in the University's consolidated statement of activities.

LU Properties also serves as Manager for South River Investments LLC (South River). South River, a Pennsylvania limited liability company, was formed to own and develop certain real estate properties in the local community. The results of South River's operations are included in the expenses presented in in note 12, *Functional Allocation of Expenses*.

The Ben Franklin Technology Partners of Northeastern PA (BFTP) and Manufacturers Resource Center (MRC) are also wholly owned subsidiaries of the University. The results of their operations are shown as independent operations in the University's consolidated statement of activities.

BFTP is an entity that encourages public and private sector cooperation in stimulating economic growth. BFTP provides funds to its clients under the terms of its early stage loan programs and manufacturer grants.

MRC provides resources to help small and medium-sized regional manufacturing companies enhance their ability to compete successfully by providing consulting, education, and strategic partnering services.

The majority of the independent operations operating revenue reported in the University's consolidated statement of activities relates to BFTP and MRC revenue received in the form of federal and state grants, client fees for services, and investment return.

The assets and liabilities of all subsidiary organizations appear in the appropriate line items of the consolidated statement of financial position.

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

(b) Basis of Presentation

The accompanying consolidated financial statements of the University include all subsidiary organizations and have been prepared on the accrual basis of accounting and in conformity with U.S. generally accepted accounting principles (GAAP). All significant inter-entity balances and transactions have been eliminated.

The University's consolidated financial statements are presented in accordance with the external financial reporting requirements for not-for-profit organizations, which include three basic financial statements and the classification of resources into two separate classes of net assets, as follows:

Without Donor Restrictions – Net assets that are free of donor-imposed restrictions. Net assets without donor restrictions may be designated for specific purposes by action of the Board of Trustees or senior management.

With Donor Restrictions – This category includes net assets subject to donor-imposed restrictions that may be met by actions of the University or by the passage of time. Also included in this category are net assets subject to donor-imposed restrictions to be maintained permanently by the University. Donors of these assets generally permit the University to use all or part of the investment return on related investments for general or specific purposes in accordance with a Board approved spending policy.

Note 9, *Net Assets*, provides additional information regarding the composition of net assets with and without donor restrictions.

Nonoperating activities reflect transactions of a long-term investment or capital nature, including contributions restricted for acquisitions of facilities and equipment, contributions restricted with donor-imposed stipulations, change in the fair value of interest rate swaps, gains and losses on investments net of the University's spending policy, certain postretirement benefits-related changes in net assets and other non-recurring activities.

(c) Cash Equivalents

All highly liquid investments with an original maturity of three months or less, except those held for long-term investment purposes, are considered to be cash equivalents.

(d) Investments

Investments are stated at fair value or net asset value (NAV) as a practical expedient to fair value (notes 3 and 5).

Unrealized and realized gains and losses on investments, net of spending policy, are included in nonoperating investment return in the consolidated statement of activities.

The University's investments are exposed to various risks such as interest rate, currency, market, and credit risks. Such risks, and the resulting investment security values, may be influenced by changes in economic conditions and market perceptions and expectations. Accordingly, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

changes could materially affect the amounts reported in the consolidated statement of financial position.

(e) Contributions and Government Grants

Contributions received, including unconditional promises to give, are recognized as revenues when the donor's commitment is received. Unconditional promises to give are recognized at the estimated present value of the future cash flows, net of allowances. Allowances for uncollectible amounts are recorded based on management's estimate of realizability of the underlying promises to give.

Unconditional contributions, gifts, and grants with no purpose or time restrictions are reported as revenues without donor restrictions. Contributions made towards long-lived assets are held as donor restricted until the asset is completed and available for use. At such time, the contribution is considered to be released from restriction and reclassified to net assets without donor restrictions. Contributions that are released from restriction within the year received are classified as net assets without donor restrictions. Gifts of noncash assets are recorded at their fair value.

A contribution, gift, or grant is conditional if an agreement includes a barrier that must be overcome and either a right of return of assets transferred or a right of release of a promisor's obligation to transfer assets. The presence of both a barrier and a right of return or right of release indicates that a recipient is not entitled to the contribution until it has overcome the barrier(s) in the agreement. Conditional promises to give are not recognized until they become unconditional, that is, when the barrier(s) in the agreement are overcome.

Contributions from federal and state government agencies are included as federal and state grants and contracts in the consolidated statement of activities.

The University receives grants and contracts revenue from various government agencies and private sources for the support of research, training, and other sponsored programs. Revenues associated with the direct costs of these programs are recognized as the related costs are incurred. Indirect cost reimbursements from federal agencies are based on predetermined rates negotiated with the University's cognizant agency, the Office of Naval Research, and are in effect through fiscal year 2022. These rates are also used for other sponsored programs except where separately negotiated. Indirect cost reimbursements from all sources totaled \$11.6 million and \$9.8 million in 2022 and 2021, respectively.

Outstanding amounts related to conditional federal grants not recognized as of June 30, 2022 were approximately \$48.4 million.

(f) Split-Interest Agreements and Annuities Payable

The University's split-interest agreements with donors consist primarily of annuity, life income, and charitable trusts for which the University serves as trustee. A majority of the assets held in these trusts are included in investments. Contribution revenues are recognized at the date the trusts are established after recording liabilities for the present value of the estimated future payments to be made to the donors and/or other beneficiaries. The liabilities are adjusted during the term of the trusts for

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

changes in the value of the assets and changes in the estimated present value of future cash outflows and other changes in the estimates of future benefits.

The annuities payable represent the net present value of future cash outflows over the annuitant's life expectancy, as required by the annuity agreements. The net present value is calculated using a discount rate range of 1.23% to 7.50%. The University is required by the laws of certain states to register and maintain reserves against charitable gift annuities. Such required reserves amounted to approximately \$10.9 million as of June 30, 2022 and 2021, respectively, and are reported within investments in the consolidated statement of financial position. Actual reserves meet or exceed the requirements and are invested in accordance with the laws of the state in which the University offers gift annuities.

(g) Property, Plant, and Equipment

Property, plant, and equipment are carried at cost or at the fair market value at the date of the gift, less accumulated depreciation. Depreciation is computed on a straight-line basis over the estimated useful lives of the related asset. Depreciation is not recorded on land or collections. Depreciable assets and lives generally are as follows:

Buildings	50 to 60 years
Equipment, software, and books	5 to 10 years
Leasehold and other improvements	10 to 20 years

(h) Tuition and Fees

Tuition and fees are reported net of financial aid that effectively reduces the amount of tuition and fees collected from students. Net tuition and fees are recorded as revenue during the year that the related academic services are rendered. Financial aid amounts offset against gross tuition and fees for 2022 and 2021 were \$131.7 million and \$113.7 million, respectively. Generally, students who adjust their course load or withdraw completely prior to completion of 60% of the semester may receive a full or partial refund in accordance with the University's refund policy. Refunds issued reduce the amount of revenue recognized.

(i) Auxiliary Enterprises

Auxiliary enterprises revenue, primarily from room and board, is reported net of financial aid that effectively reduces the amount collected from students. Net room and board revenues are reported in the fiscal year in which the academic programs and services are delivered.

(j) Asset Retirement Liabilities

The University recognizes a liability for legal obligations associated with asset retirements in the period in which the obligation is incurred if a reasonable estimate of the fair value of the obligation can be made. When the liability is initially recorded, the University capitalizes the cost of the asset retirement obligation by increasing the carrying amount of the related long-lived asset. The liability is accreted to its present value each period, and the capitalized cost associated with the retirement obligation is depreciated over the useful life of the asset. Upon settlement of the obligation, any difference between

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

the cost to settle the asset retirement obligation and the liability recorded is recognized as a gain or loss in the consolidated statement of activities.

(k) *Deferred Revenues*

Revenues received in exchange transactions for specific activities that have not yet taken place are recorded as deferred revenue. Significant components of deferred revenue include student tuition and educational fees received in advance of services to be rendered and unexpended advances of grant and contract revenues.

(l) *Use of Estimates*

The preparation of the University's consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the consolidated statement of financial position and the reported amounts of revenue and expense included in the consolidated statement of activities. Actual results could differ from such estimates.

(m) *Prior Year Summarized Financial Information*

The consolidated statement of activities includes certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the University's consolidated financial statements for the year ended June 30, 2021, from which the summarized information was derived.

(n) *Risks and Uncertainties*

While future impacts of the COVID-19 pandemic cannot be quantified at this time, the University continues to monitor legislative developments, future relief funding opportunities and directives from federal, state and local governments. The University is prepared to take additional measures to ensure the health and welfare of the campus community if necessary. Beginning July 1, 2021, the University operated under a transitional campus posture, with instruction predominately in person, increased residence and dining facility density, and the transition of other campus-based activities to on-campus with flexible arrangements. Both revenues and expenses increased significantly as a result of returning to campus. The University recognized revenue from federal and other governmental funding related to the COVID-19 pandemic totaling \$10.8 million and \$8.4 million during the years ended June 30, 2022 and 2021, respectively, which is included in Federal Grants and Contracts on the consolidated statement of activities.

(o) *Operating Leases*

The University recognizes a right-of-use asset and a lease liability for all leases with an initial term greater than 12 months at the lease commencement date. Lease liabilities represent the present value of the future lease payments over the expected lease term, which includes options to extend or terminate the lease when it is reasonably certain those options will be exercised. The present value of the lease liability is determined using a risk-free rate at lease inception. The University recognizes lease expense on a straight-line basis over the lease term. The University determines if an

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

arrangement is or contains a lease at contract inception. Where an arrangement is a lease, the University determines if it is an operating lease or a finance lease. Subsequently, if the arrangement is modified, the University reevaluates the classification.

(p) Income Taxes

The University has been recognized by the Internal Revenue Service (IRS) as exempt from federal income tax under Section 501(c)(3) of the U.S. Internal Revenue Code, except for taxes on income from activities unrelated to its exempt purpose. There was no provision for income taxes due on unrelated business income in the accompanying consolidated financial statements. Management has analyzed the tax positions taken by the University, and has concluded that as of June 30, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the consolidated financial statements. The University is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(2) Financial Assets and Liquidity Resources

Financial assets and liquidity resources available within one year for general expenditures, such as operating expenses, scheduled principal payments on debt, and capital construction costs not financed with debt, at June 30, 2022 and 2021 are as follows (in thousands):

	2022	2021
Financial assets:		
Cash and cash equivalents	\$ 40,188	46,119
Accounts receivable, net	19,118	17,879
Contributions without donor restrictions due in one year or less	5,840	5,921
Investments not subject to donor restrictions or board designations	240,575	289,978
	305,721	359,897
Liquidity resources:		
Commercial paper, \$75 million authorized	75,000	75,000
Total available within one year	\$ 380,721	434,897

The University manages its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, the University invests cash in excess of daily requirements in short-term investments. The University has both operating reserves and physical plant renewal and replacement reserves set aside to be drawn upon to meet its operating and contractual obligations. The reserves are held in the cash and cash equivalents line on the statement of financial position.

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

In addition, the University's governing board and senior management have designated \$501.6 million as of June 30, 2022 to function as endowment and \$255.6 million as long term investments. Although the University does not intend to spend from its board-designated investments other than amounts appropriated for general expenditure as part of its annual budget approval and appropriation process, these funds could be made available, if necessary. However, both the donor restricted and board-designated endowments contain investments with provisions that limit or prevent liquidation that would reduce the total investments that could be made available (note 5).

Distributions from endowments with donor restrictions for the fiscal year ending June 30, 2023 are anticipated to be approximately \$20.2 million. Such distributions will be funded from fiscal year 2023 net investment return and from endowment investment return earned in prior years if income is less than the University's spending policy. Note 4, *Endowment Net Assets*, provides additional information about the University's endowment spending policy.

(3) Investments

Investments by major class at June 30, 2022 and 2021 are as follows (in thousands):

	2022	2021
Short-term investments	\$ 227,445	103,019
Fixed income investments:		
U.S. government	98,264	168,664
Corporate	126,210	168,176
Other	1	2,066
Corporate stocks	19,245	25,249
Mutual and exchange-traded funds	176,906	229,509
Real estate	38,357	29,719
Alternative investments:		
Public equity	476,738	726,318
Absolute return	432,560	328,713
Private investments	670,812	633,665
Life insurance and other investments	3,807	4,007
Total investments	\$ 2,270,345	2,419,105

The University's investments are comprised of the assets of the University's endowment, real estate held for investment purposes, assets supporting certain split interest agreements, and other investments for general operating purposes. Investments are reported at fair value or NAV as a practical expedient to fair value. Note 5, *Fair Value Measurements*, provides additional information about inputs used to determine fair value and about investments reported at NAV.

The majority of endowment and annuity fund investments are combined in investment pools with each individual account subscribing to or disposing of shares on the basis of the fair value per share. The

Net realized and unrealized gains (losses), net of spending distribution	(139,448)	459,147
	(138,391)	460,203
Independent operations	(7,373)	5,573
Total nonoperating	(145,764)	465,776
Total investment return	\$ (53,276)	555,847

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

(4) Endowment Net Assets

The University's endowment consists of approximately 2,900 individual funds established for a variety of purposes. Its endowment includes both donor-restricted funds and funds designated by the Board of Trustees or senior management to function as endowments (board-designated).

From time to time, the fair value of assets associated with donor restricted endowment funds may fall below the original gift amount. Deficiencies of this nature are reported in net assets with donor restrictions. These deficiencies resulted from unfavorable market fluctuations that occurred after the investment of the new donor restricted contributions.

Underwater donor restricted endowment funds at June 30, 2022 and 2021 are as follows (in thousands):

	<u>2022</u>	<u>2021</u>
Fair value of underwater endowment funds	\$ 12,530	368
Original endowment gift amounts	<u>17,450</u>	<u>2,571</u>
Underwater amounts	<u>\$ (4,920)</u>	<u>(2,203)</u>

Endowment funds include funds actively managed by the University as part of a single commingled investment pool as well as a limited number of individual funds that are separately invested or held in trust by others. The principal financial objective of the endowment pool is that the real purchasing power of the endowment principal should be preserved and, if possible, enhanced, to help ensure the University's financial future. The productivity of the endowment pool must strike a balance between the preservation of principal in real terms for perpetuity and supporting a spending policy that sustains the educational mission of the University.

The Prudent Investor Rule of the Commonwealth of Pennsylvania views investment prudence on the part of the fiduciary from the standpoint of the total portfolio. Therefore, any reasonable investment may be considered for endowment pool assets as long as the risk and return tradeoff of the entire portfolio is prudent. The University's investment policy includes a target asset allocation, well diversified among suitable asset classes that is expected to generate, on average, the level of expected return necessary to meet endowment objectives at a responsible level of volatility consistent with achieving that return. To monitor the effectiveness of the investment strategy of the endowment pool, performance goals are established to exceed the expected real rate of return, established benchmark indices, and the median return of comparable endowment funds.

Commonwealth of Pennsylvania law permits the University to allocate to operating income a minimum of 2% and a maximum of 7% of a three-year moving average of the market value of the endowed assets. Unless the terms of the gift instrument state otherwise, accumulated endowment gains may be spent over time by the University.

The University has an endowment spending policy based on 5% of a three-year moving average market value with a minimum increase of -2% per year and a maximum increase of 5% per year over the prior year's spending rate.

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

Any income earned in excess of the spending limit is reinvested while funds may be withdrawn from investment return earned in prior years if income is less than the spending policy provision. This is designed to insulate investment policy from budgetary pressures, and to insulate program spending from fluctuations in capital markets. Average annual spending rates per share were 4.0% and 4.6% for fiscal years 2022 and 2021, respectively.

Endowment net asset composition as of June 30, 2022 (in thousands):

		Without donor restrictions	With donor restrictions	Total

(5) Fair Value Measurements

The three levels of the fair value hierarchy are described below. The hierarchy gives the highest priority to unadjusted quoted or published prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements):

Level 1 – Unadjusted quoted or published prices in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2 – Quoted prices for instruments that are identical or similar in markets that are not active and model-derived valuations for which all significant inputs are observable, either directly or indirectly in active markets.

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and are unobservable.

The hierarchy requires the use of observable market data when available. The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the measurement.

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

The following discussion describes the valuation methodologies used for assets and liabilities measured at fair value:

(a) Funds Held in Trust by Others

Funds held in trust by others are held and administered by outside trustees, with the University deriving income or a residual interest from the assets of such funds. Funds held in trust by others are recognized at the estimated fair value of the assets or the present value of the future cash flows when the irrevocable trust is established or the University is notified of its existence. As of June 30, 2022 and 2021, the inputs to fair value of these funds are classified as Level 2 or Level 3, depending on whether the assets will ultimately be distributed to the University.

(b) Split-Interest Agreements

Depending on the type of agreement, fair value measurements for split-interest agreements are performed either at inception or on a recurring basis. Fair value of the residual gift is generally based on the present value of expected future cash flows including payments to beneficiaries and investment return, and Level 3 inputs include the life expectancy of the donor and other beneficiaries as well as financial assumptions.

(c) Interest Rate Swaps

The fair value of the University's interest rate swap obligation is based on valuations provided by an independent party, taking into account current interest rates and the current creditworthiness of the swap counterparties, which are considered Level 2 inputs to fair value.

(d) Investments

Fair value of equity securities has been determined from observable market or published quotations, when available. Fair value for fixed maturity securities is based upon prices provided by the University's investment managers and custodian banks. Both the investment managers and the custodian banks use a variety of pricing sources to determine fixed maturity market valuations.

Estimated fair value of alternative investments that are not readily marketable is recorded at the NAV as provided by external investment managers as a practical expedient for fair value. The University reviews and evaluates the values provided by external investment managers and agrees with the valuation methods and assumptions used in determining the NAV of those investments.

Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the tables below are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

Total alternative investments	<u>\$ 187,849</u>	<u>254,967</u>	<u>162,954</u>	<u>974,340</u>	<u>1,580,110</u>	<u>390,537</u>			

- (1) This category's primary objective is to capture the returns of publicly traded equities on a global market basis in order to provide long-term growth to the endowment.
- (2) The primary objective of this category is to capture the returns associated with skill-based active management by exploiting the inefficiencies associated with marketable securities, thus providing a diversifying return stream with low correlation to returns of stocks. These funds should also provide principal protection in equity sell-offs.
- (3) This category includes investments in private equity and real estate funds. The primary objective of private equity funds is to achieve long-term returns in excess of public equity investments in part by earning an illiquidity premium. The primary objective of real estate funds is to provide portfolio diversification, with long-term returns expected to be between that of stocks and bonds. These funds will also potentially offer some protection for the endowment in the event of inflation. Private investments typically have commitment periods up to 12 years.
- (4) The University is obligated under certain investment agreements to periodically advance additional funding up to contractual levels. The investment agreements do not specify exact funding dates, however, it is likely that funding will occur over the next several years. Funds to meet these commitments will be generated from rebalancing the investment pool asset allocation, as well as donor gifts and existing cash.

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

(6) Accounts Receivable, Net

Accounts receivable at June 30, 2022 and 2021 (net of allowances for doubtful accounts) are as follows (in thousands):

	2022	2021
Accounts receivable, net:		
Student accounts	\$ 2,272	1,774
Grants and contracts	9,815	8,684
Investment income	1,888	1,423
Other	5,743	6,598
	\$ 19,718	18,479

Allowances for doubtful accounts were \$2.2 million and \$2.9 million in 2022 and 2021, respectively.

(7) Property, Plant, and Equipment, Net

Property, plant, and equipment is summarized as follows at June 30, 2022 and 2021 (in thousands):

	2022	2021
Land and improvements	\$ 104,096	79,820
Buildings and improvements	1,007,704	882,091
Furniture, equipment, books, and collections	241,234	234,376
Construction in progress	49,649	113,563
Right-of-use asset	6,958	6,938
	1,409,641	1,316,788
Less accumulated depreciation	(684,202)	(645,367)
Total	\$ 725,439	671,421

Depreciation expense totaled \$40.0 million and \$36.0 million for the years ended June 30, 2022 and 2021, respectively. Interest expense that was capitalized totaled \$3.0 million and \$3.2 million for the years ended June 30, 2022 and 2021, respectively.

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

(8) Contributions Receivable, Net

Contributions receivable includes unconditional promises to give and charitable remainder trusts where the University is not the trustee of the assets of the trust, but will receive a distribution upon its termination. The net present value of contributions receivable is calculated using a discount rate range of 1.26% to 4.10%. Unconditional promises are expected to be realized in the following periods (in thousands):

	2022	2021
In one year or less	\$ 11,426	14,625
Between one year and five years	16,368	19,845
More than five years	3,403	3,535
	31,197	38,005
Less:		
Unamortized discount	(714)	(992)
Allowance for uncollectible accounts	(1,599)	(1,939)
	\$ 28,884	35,074

Outstanding promises to give that were conditional amounted to \$10.3 million and \$10.7 million as of June 30, 2022 and 2021, respectively.

(9) Net Assets

Net assets without donor restrictions include the following at June 30, 2022 and 2021 (in thousands):

	2022	2021
Undesignated	\$ 367,328	375,720
Board designated endowment funds	501,572	528,187
Annuity and life income funds	3,410	3,560
Plant funds and capital project reserves	263,201	239,483
Independent operations	62,698	65,548
	\$ 1,198,209	1,212,498

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

Net assets with donor restrictions include the following at June 30, 2022 and 2021 (in thousands):

	2022	2021
Contributions receivable	\$ 28,884	35,074
Loan funds	3,122	2,971
Annuity and life income funds	37,008	39,857
Endowment funds – corpus	608,810	585,793
Accumulated gains on endowment funds	524,246	598,022
Other – related to time and purpose restrictions	33,990	42,464
	\$ 1,236,060	1,304,181

Donor restricted endowment funds are restricted for scholarships, fellowships, professorships, chairs and other academic and research purposes.

(10) Bonds, Loans, and Notes Payable

Bonds, loans, and notes payable are reported net of any unamortized premiums, discounts, or issuance costs. Net unamortized premiums were \$2.4 million and \$2.6 million at June 30, 2022 and 2021, respectively. Net unamortized bond issuance costs were \$2.0 million and \$2.2 million at June 30, 2022 and 2021, respectively. The following table presents bonds, loans, and notes payable at June 30, 2022 and 2021 (in thousands):

	2022	2021
Northampton County General Purpose Authority (NCGPA):		
Series 2000B bonds; tax-exempt variable rate revenue bonds, \$25,000 due serially from December 1, 2003 to December 1, 2030, variable rates of .86% and .05% on June 30, 2022 and 2021, respectively; bonds are supported with a standby bond purchase agreement, which expires on November 30, 2025	\$ 11,833	12,855
Series 2004 bonds; tax-exempt index rate revenue bonds, \$50,000 due serially from May 15, 2025 to May 15, 2034, rates of .94% and .74% on June 30, 2022 and 2021, respectively	49,850	49,832
Series 2006A bonds; tax-exempt variable rate revenue bonds, \$16,820 due serially from November 15, 2007 to November 15, 2021, variable rate of .05% on June 30, 2021.	—	1,899

	2022	2021
Series 2007 bonds; tax-exempt revenue bonds, \$24,615 variable rate CPI bonds due serially from November 15, 2019 to November 15, 2025, variable rates of 9.73% and 3.80% on June 30, 2022 and 2021 respectively	\$ 17,748	20,766
Series 2016A bonds; 4.00% to 5.00% tax-exempt fixed rate revenue bonds, \$26,715 due serially from November 15, 2026 to November 15, 2036	28,953	29,127
Series 2016B bonds; tax-exempt variable rate revenue bonds, \$74,950 due serially from November 15, 2017 to November 15, 2039, variable rate of 1.07% and .88% on June 30, 2022 and 2021, respectively	71,710	72,331
Series 2016 taxable bonds; \$150,000 due serially from November 15, 2044 to November 15, 2046, fixed rate 3.48%	149,273	149,241
Series 2020 taxable bonds; 2.553% to 2.703% fixed rate bonds, \$170,000 due serially from November 15, 2040 to November 15, 2050	169,225	169,193
	\$ 498,592	505,244

The series 2016 and 2020 taxable bonds are secured by a pledge of and security interest in the University's gross revenues.

Payment of all outstanding tax-exempt bonds is secured by separate loan agreements between the University and the Northampton County General Purpose Authority (NCGPA). Each loan agreement is a general obligation of the University for which it has pledged its full faith and credit. In addition, the University has granted NCGPA a security interest in the University's gross revenues as defined in each loan agreement. In accordance with the NCGPA loan agreements, the University established rates and charges sufficient to provide, in each fiscal year, for the payment of the University's operating expenses and debt service on its long-term indebtedness. The University may incur additional indebtedness under certain conditions described in the loan agreements and the bond indentures.

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

At June 30, 2022, the aggregate annual maturities of bonds, loans, and notes payable for the next five years and, thereafter, are as follows (in thousands):

2023	\$	6,970
2024		7,240
2025		11,075
2026		7,025
2027		6,215
Thereafter		<u>459,730</u>
Total long-term bonds payable		498,255
Unamortized issuance costs		(2,037)
Unamortized bond premium		<u>2,374</u>
	\$	<u><u>498,592</u></u>

The Series of 2000B bonds bear interest at a weekly rate determined by the remarketing agent. Effective December 2, 2019, the Series 2004 bonds bear interest based upon a Federal Funds Rate set by the calculation agent on a monthly basis. The University may elect to convert to another variable rate mode or to a fixed mode as determined by the remarketing agent.

Bondholders have a right to tender variable rate bonds at interest rate reset dates.

The University entered into a separate standby bond purchase agreement to provide liquidity in case of tender of the 2000B bonds. This agreement expires prior to the maturity of the bonds and may be extended at the University's request. However, the bank has no obligation to agree to the extended purchase period.

The University serves as the liquidity facility for its Commercial Paper program, however no commercial paper was issued during the current period.

On August 19, 2020, the University issued \$170,000,000 aggregate principal amount of its Series 2020 taxable bonds (the Bonds). The Bonds are secured by a pledge of, and security interest in, the University's gross revenues. The proceeds of the Bonds will be used to finance current and future capital projects consistent with the University's capital plan and any other purpose duly authorized by the University.

(11) Interest Rate Swap Agreements

The University employs derivatives, primarily interest rate swap agreements, to manage interest rate risk associated with outstanding debt. The net fair value of the University's swap agreements is included in other assets or other liabilities in the statement of financial position, and was recorded as an asset of \$6.5 million and a liability of \$7.9 million at June 30, 2022 and 2021, respectively. The change in fair value of the interest rate swaps is reflected in nonoperating activity on the statement of activities and was \$14.3 million and \$11.7 million for the years ended June 30, 2022 and 2021, respectively.

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

Significant terms of each of the swap agreements are as follows (in thousands):

Series	Counterparty	Effective date	Current notional amount	University pays	University receives	Expiration date
2000B bonds	JPMorgan Chase	12/7/2000	\$ 11,870	4.530 %	67% of USD-1-month LIBOR-BBA	12/1/2030
2004 bonds	Wells Fargo	12/18/2008	50,000	1.953	67% of USD-Federal Funds	5/15/2034
2007 CPI bonds	JPMorgan Chase	2/1/2007	17,765	3.980 to 4.530	Variable rate based on CPI-U	various through 11/15/2025
2016B bonds	Wells Fargo	10/6/2016	<u>71,905</u>	1.148	70% of USD-Federal Funds	11/15/2039
			<u>151,540</u>			

Certain of the University's interest rate swap agreements contain provisions that require the University's debt to maintain an investment grade credit rating from each of the major credit rating agencies. If the University's debt were to fall below investment grade, it would be a violation of these provisions, and the counterparties to the rate swap agreement could request next-day full collateralization on all rate swaps in net liability positions.

(12) Functional Allocation of Expenses

The following table includes operating expenses by type and function for the year ended June 30, 2022 (in thousands):

	Instruction	Research	Public service	Academic support	Student services	Institutional support	Auxiliary enterprises	Independent operations	Total
Salaries and wages	\$ 89,150	24,007	1,271	17,318	17,970	37,164	3,809	3,898	194,587
Employee benefits	30,051	5,301	341	6,355	5,602	13,366	1,161	1,026	63,203
Purchased services	2,314	7,263	414	1,986	2,142	10,967	16,352	1,933	43,371
Occupancy	11,081	3,121	360	2,858	2,986	5,190	11,570	993	38,159
Depreciation	9,723	8,318	341	3,360	3,529	5,480	7,537	1,673	39,961
Interest	6,341	1,728	91	1,218	1,268	2,614	274	—	13,534
Other expenses	13,304	9,527	1,374	8,314	9,989	10,164	7,955	1,509	62,136
	<u>\$ 161,964</u>	<u>59,265</u>	<u>4,192</u>	<u>41,409</u>	<u>43,486</u>	<u>84,945</u>	<u>48,658</u>	<u>11,032</u>	<u>454,951</u>

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

The following table includes operating expenses by type and function for the year ended June 30, 2021 (in thousands):

	<u>Instruction</u>	<u>Research</u>	<u>Public service</u>	<u>Academic support</u>	<u>Student services</u>	<u>Institutional support</u>	<u>Auxiliary enterprises</u>	<u>Independent operations</u>	<u>Total</u>
Salaries and wages	\$ 90,368	20,794	1,202	14,549	16,128	39,423	3,508	3,638	189,610
Employee benefits	22,910	3,199	241	4,079	3,901	9,532	865	1,035	45,762
Purchased services	1,600	4,954	231	1,362	2,116	10,779	9,102	1,541	31,685
Occupancy	9,515	2,154	275	2,140	2,302	5,364	8,467	1,150	31,367
Depreciation	10,182	5,269	298	3,285	3,288	5,781	6,197	1,682	35,982
Interest	5,813	1,356	77	926	1,028	2,509	228	—	11,937
Other expenses	8,728	6,320	663	7,143	4,080	8,246	7,042	2,081	44,303
	<u>\$ 149,116</u>	<u>44,046</u>	<u>2,987</u>	<u>33,484</u>	<u>32,843</u>	<u>81,634</u>	<u>35,409</u>	<u>11,127</u>	<u>390,646</u>

The consolidated financial statements report certain categories of expenses that are attributable to more than one function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include employee benefits, interest, and certain occupancy expenses, which are allocated on the basis of salary and wage expense.

Fund-raising costs were approximately \$10.8 million and \$10.1 million in 2022 and 2021, respectively, and are included in institutional support.

(13) Postretirement and Postemployment Benefits Other than Pensions

The University pays for a portion of the cost of medical insurance for retired employees and their eligible dependents. During fiscal year 2022, the University reimbursed retirees a maximum of \$111.15 per month for premium expenses. The maximum monthly reimbursement amount will increase each year at the lesser of medical Consumer Price Index (CPI) or 8%. These postretirement medical benefits accrue from the later of date of hire or age 30. The University uses a July 1 measurement date for its plan. Summarized plan information is stated below (in thousands).

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

The following shows the reconciliation of the beginning and ending balances of the benefit obligation (in thousands):

	2022	2021
Benefit obligation at beginning of year	\$ 60,801	59,339
Operating:		
Service cost	2,648	2,664
Benefits paid	(1,508)	(1,445)
Total operating	1,140	1,219
Nonoperating:		
Interest cost	1,984	1,907
Actuarial gain	(1,169)	—
Assumption changes	(12,757)	(1,664)
Total nonoperating loss (gain)	(11,942)	243
Benefit obligation at end of year	\$ 49,999	60,801

The following table sets forth the status of the plan, which is unfunded, at June 30, 2022 and 2021:

	2022	2021
Accumulated postretirement benefit obligation:		
Retirees	\$ 19,327	20,680
Fully eligible active plan participants	13,846	15,915
Other active plan participants	16,826	24,206
Total	49,999	60,801
Plan assets at fair value	—	—
Accumulated postretirement benefit liability	\$ 49,999	60,801

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

Weighted average assumptions as of and for the years ended June 30, 2022 and 2021 are as follows:

	<u>2022</u>	<u>2021</u>
Discount rate for net periodic postretirement benefit cost	3.30 %	3.25 %
Discount rate for accumulated postretirement benefit obligation	4.90	3.30
Maximum increase in reimbursement rate	lesser of medical CPI or 8%	lesser of medical CPI or 8%
Healthcare cost trend rate assumed for next year	5.00	4.50
Rate to which the cost trend rate is assumed to decline (ultimate rate)	5.00	4.50
Year that ultimate rate is reached	N/A	N/A

Estimated future University contributions reflecting expected future service are as follows (in thousands):

Fiscal year ending June 30:	
2023	\$ 1,503
2024	1,592
2025	1,687
2026	1,795
2027	1,915
2028 through 2031	11,541

(14) Retirement Plans

The University provides pensions to substantially all salaried faculty and staff through a defined-contribution plan administered by Teacher's Insurance and Annuity Association. The plan features base contributions from the University and voluntary employee contributions with a University match. Total expense for this plan was \$16.0 million and \$0 million in 2022 and 2021, respectively. The University suspended its matching contribution in fiscal year 2021 in response to COVID 19. The University reinstated its matching contribution, effective July 1, 2021.

(15) Related Parties

Members of the University's Board of Trustees and senior University officers may, from time to time, be associated, either directly or indirectly, with parties doing business with the University. University policy requires that all material information regarding any such relationship between the University and a trustee, officer, their immediate families and household members, or an entity in which they have a significant relationship, is properly disclosed to the University's Corporate Secretary and the Director of Internal Audit. The University conducts annual reviews of disclosed potential and actual conflicts of interest with all trustees, officers, faculty, and staff. Each trustee and employee must review the University Conflict of Interest Policy and confirm their agreement to abide by the Policy, including through disclosure of potential or actual conflicts of interest identified to the best of their knowledge. Disclosed potential or actual conflicts

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

of interest are reviewed and resolved by the Corporate Secretary and Director of Internal Audit and/or the Board Chair (in the case of trustees) or the supervisor of the employee. No such disclosed potential or actual conflicts of interest are considered to be material to the consolidated financial statements.

(16) Commitments and Contingencies

(a) Litigation

The University is party to various legal actions and claims arising in the ordinary course of operations. While it is not feasible to predict the ultimate outcome of such matters, management is of the opinion that the resolution of such matters will not have a material adverse effect on the University's consolidated financial position or changes in net assets.

(b) Operating Leases and Other Financing Obligations

The University leases certain equipment and real property. These leases are classified as operating leases. These leases have a weighted average remaining lease term of 5.91 years and were calculated using a weighted average discount rate of 2.76%. Operating leases right-of-use assets and liabilities as of June 30, 2022 were \$5.3 million and \$5.3 million, respectively and \$6.2 million and \$6.2 million at June 30, 2021, respectively.

		2022
Maturity analysis:		
Less than 1 year	\$	1,035
1 to 2 years		1,012
2 to 3 years		1,000
3 to 4 years		953
4 to 5 years		705
5 to 10 years		1,056
More than 10 years		—
Total undiscounted lease liabilities, end of period	\$	5,761

Included in other liabilities is a finance obligation of \$44.4 million related to the construction of a student housing residence facility on the University's land. The related construction costs are capitalized and, depreciated, and included in property, plant, and equipment, net on the consolidated statement of financial position. The finance obligation has a remaining term commensurate with the land lease which is 48 years as of June 30, 2022. The University amortizes the finance obligation to revenue as the related asset is being depreciated.

(c) Other

Open commitments with general contractors, engineering firms, and other vendors related to the construction, renovation, and repair of certain facilities amounted to approximately \$28.7 million and \$77.0 million as of June 30, 2022 and 2021, respectively.

LEHIGH UNIVERSITY

Notes to Consolidated Financial Statements

June 30, 2022

(with summarized comparative financial information for June 30, 2021)

(17) Subsequent Events

The University has evaluated subsequent events through October 17, 2022, the date the consolidated financial statements were issued, and concluded that there are no additional items requiring disclosure.

(18) Department of Education

The University participates in federal Title IV student financial assistance programs, which requires the University to meet standards of financial responsibility based on criteria determined by the U.S. Department of Education (ED), as set forth in 34 CFR 668.171. The criteria for private institutions include the annual calculation by ED of a financial responsibility composite score, as further outlined in 34 CFR 668.172, using audited financial statements submitted through ED's eZ-Audit system. The composite score is based on three ratios: Primary Reserve, Equity, and Net Income. These ratios utilize the following financial data of the University, which are not otherwise presented in the consolidated financial statements or other notes to the consolidated financial statements, as of and for the year ended June 30, 2022.

<u>Required input per standards</u>	<u>Ratio use</u>	<u>Input amount</u>	<u>Related financial statement amount not used as input on supplementary schedule</u>
(a) PPE, Net – Pre-Implementation	Primary Reserve	\$ 354,991	
PPE, Net – Post-Implementation with outstanding debt for original purchase	Primary Reserve	82,632

LEHIGH UNIVERSITY

Notes to Schedule of Expenditures of Federal Awards

Year ended June 30, 2022

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards (Schedule) includes the federal award activity of Lehigh University (the University) under programs of the federal government for the year ended June 30, 2022 in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to, and does not, present the financial position, changes in net assets, or cash flows of the University. The Schedule does not present the activity for the University's subsidiary Manufacturers Resource Center that expended \$634,235 in federal awards for the year ended June 30, 2022. The financial statements of Manufacturers Resource Center is audited separately and did not meet the Uniform Guidance threshold to require a separate compliance audit of its federal expenditures for the year ended June 30, 2022.

(2) Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in Office of Management and Budget Circular A-21, *Cost Principles for Educational Institutions*, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(3) Indirect Cost Rate

The University has not elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

(4) Federal Perkins Loan Program

Perkins loans are administered directly by the University, and balances and transactions relating to Perkins loans are included in the University's consolidated financial statements. Perkins loan expenditures reported on the Schedule include the balance of outstanding loans at June 30, 2021, and the administrative cost allowance claimed during the year ended June 30, 2022 of \$102,029. The outstanding balance of Federal Perkins Loans at June 30, 2022 was \$922,741.

There were no federal or institutional capital contributions to the Perkins revolving loan fund for the year ended June 30, 2022.

(5) Direct Loans

Direct Loans are made by the Secretary of Education, and therefore balances and transactions relating to Direct Loans are not included in the University's consolidated financial statements. The University is responsible for the performance of certain administrative duties under the Direct Loan program, including origination and disbursement of loans.

LEHIGH UNIVERSITY

Notes to Schedule of Expenditures of Federal Awards

Year ended June 30, 2022

(6) 2022 Program Expenditures Incurred in Prior Years

During the year ended June 30, 2022, the Pennsylvania Emergency Management Agency sub-awarded to the University federal funding obligated in 2022 by the U.S. Department of Homeland Security, for various project expenditures that were incurred in prior years as outlined in the following table.

	<u>Assistance listing number</u>	<u>Pass-through entity identifying number</u>	<u>Federal expenditures reported on prior year SEFA</u>	<u>Expenditures incurred in prior years</u>	<u>Federal expenditures reported on 2022 SEFA</u>

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

The Board of Trustees
Lehigh University:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Lehigh University and its subsidiaries (the University), which comprise the University's consolidated statement of financial position as of June 30, 2022, and the related consolidated statements of activities and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated October 17, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report on Compliance for Each Major Federal Program;
Report on Internal Control Over Compliance; and Report on Schedule of
Expenditures of Federal Awards Required by the Uniform Guidance**

The Board of Trustees
Lehigh University:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Lehigh University's (the University) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2022. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

Other Matter – Federal Expenditures Not Included in the Compliance Audit

The University's consolidated financial statements include the operations of Manufacturers Resource Center, which expended \$634,235 in federal awards which is not included in the University's schedule of expenditures of federal awards for the year ended June 30, 2022. Our compliance audit, described in the Opinion on Each Major Federal Program section of our report does not include the operations of Manufacturers Resource Center because it separately engaged us to perform an audit of compliance.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the University's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed other instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2022-001 and 2022-002. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on the University's responses to the noncompliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The University is also responsible for preparing a corrective action plan to address each audit finding included in our auditors' report. The University's responses and corrective action plan were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses or the corrective action plan.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2022-001 and 2022-002, to be significant deficiencies.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the University's responses to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The University is also responsible for preparing a corrective action plan to address each audit finding included in our auditors' report. The University's responses and corrective action plan were not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the responses or the corrective action plan.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the consolidated financial statements of the University as of and for the year ended June 30, 2022, and have issued our report thereon dated October 17, 2022, which contained an unmodified opinion on those consolidated financial statements. Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in

accordance with GAAS. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

LEHIGH UNIVERSITY
Schedule of Findings and Questioned Costs
Year ended June 30, 2022

Section I – Summary of Auditors’ Results

- a. Type of report issued on whether the consolidated financial statements were prepared in accordance with generally accepted accounting principles: **Unmodified**
- b. Internal control deficiencies over financial reporting disclosed by the audit of the consolidated financial statements:
 - Material weaknesses: **No**
 - Significant deficiencies: **None Reported**
- c. Noncompliance material to the consolidated financial statements: **No**
- d. Internal control deficiencies over major programs disclosed by the audit:
 - Material weaknesses: **No**
 - Significant deficiencies: **Yes – Finding Nos. 2022-001 and 2022-002**
- e. Type of report issued on compliance for major programs: **Unmodified**
- f. Audit findings that are required to be reported in accordance with 2 CFR 200.516(a): **Yes**
- g. Major programs:
 - Research and Development Cluster – various assistance listing numbers
 - COVID-19: Education Stabilization Fund – Higher Education Emergency Relief Fund (HEERF), ALN 84.425E and 84.425C
 - COVID-19: Disaster Grants – Public Assistance (Presidentially Declared Disasters) ALN 97.036
- h. Dollar threshold used to distinguish between Type A and Type B programs: **\$2,285,110**
- i. Auditee qualified as a low-risk auditee: **Yes**

Section II - Findings Relating to the Financial Statements Reported in Accordance with *Government Auditing Standards*

None.

LEHIGH UNIVERSITY

Schedule of Findings and Questioned Costs

Year ended June 30, 2022

Section III - Findings and Questioned Costs Relating to Federal Awards

Finding 2022-001

<i>Federal Agency:</i>	Various
<i>Program Name:</i>	Research and Development Cluster
<i>Assistance Listing Number:</i>	Various
<i>Federal Award Year:</i>	Programs active between July 1, 2021 – June 30, 2022
<i>Compliance requirement:</i>	Subrecipient Monitoring
<i>Finding Type:</i>	Significant Deficiency

Criteria

In accordance with 2 CFR 200.332(d), all pass-through entities must:

Monitor the activities of the subrecipient as necessary to ensure that the subaward is used for authorized purposes, complies with the terms and conditions of the subaward, and achieves performance goals. Pass-through entity monitoring of the subrecipient must include:

- Reviewing financial and programmatic (performance and special reports) required by the pass-through entity (PTE).
- Following-up and ensuring that the subrecipient takes timely and appropriate action on all deficiencies pertaining to the federal award provided to the subrecipient from the PTE detected through audits, on-site reviews, and other means.
- Issuing a management decision for audit findings pertaining to the federal award provided to the subrecipient from the PTE as required by 2 CFR section 200.521.
- The pass-through entity is responsible for resolving audit findings specifically related to the subaward and not responsible for resolving crosscutting findings. If a subrecipient has a current Single Audit report posted in the Federal Audit Clearinghouse and has not otherwise been excluded from receipt of Federal funding (e.g., has been debarred or suspended), the pass-through entity may rely on the subrecipient's cognizant audit agency or cognizant oversight agency to perform audit follow-up and make management decisions related to cross-cutting findings in accordance with section 2 CFR 200.513(a)(3)(vii). Such reliance does not eliminate the responsibility of the pass-through entity to issue subawards that conform to agency and award-specific requirements, to manage risk through ongoing subaward monitoring, and to monitor the status of the findings that are specifically related to the subaward.

In accordance with 2 CFR 200.332(d), all pass-through entities must verify that every subrecipient is audited as required by Subpart F of 2 CFR 200.500 when it is expected that the subrecipient's Federal awards expended during the respective fiscal year equaled or exceeded the threshold set forth in 2 CFR 200.501.

LEHIGH UNIVERSITY

Schedule of Findings and Questioned Costs

Year ended June 30, 2022

In accordance with 2 CFR 200.521(c) and (d): the pass-through entity must be responsible for issuing a management decision for audit findings that relate to Federal awards it makes to subrecipients. The Federal awarding agency or pass-through entity responsible for issuing a management decision must do so within six months of acceptance of the audit report by the Federal Audit Clearinghouse (FAC).

In accordance with 2 CFR 200.501(h), since 2 CFR Part 200 does not make Subpart F applicable to for-profit subrecipients, the PTE is responsible for establishing requirements, as necessary, to ensure compliance by for-profit subrecipients for the subaward. The agreement with the for-profit subrecipient must describe applicable compliance requirements and the for-profit subrecipient's compliance responsibility. Methods to ensure compliance for federal awards made to for-profit subrecipients may include pre-award audits, monitoring during the agreement, and post-award audits.

Condition, including Perspective

Lehigh University passed through \$3,277,289 to its subrecipients in the research and development cluster (R&D cluster), which represents approximately 10% of total R&D cluster expenditures for the year ended June 30, 2022. As a pass-through entity, Lehigh University's Office of Research and Special Projects (ORSP) is responsible for monitoring the activities and compliance of its subrecipients. Monitoring includes reviewing the compliance audit reports from its subrecipients as they become available through the federal audit clearinghouse to ascertain the existence of non-compliance and appropriate follow-up with the subrecipient to ensure timely and appropriate corrective action is taken to remediate the finding(s).

Our procedures performed determined that the Office of Research and Special Projects (ORSP) did not complete the review of their compliance reports within six months of acceptance of the audit report by the FAC.

Cause and Effect

The ORSP lost two full time personnel in summer of 2020, one of whom was responsible for the review of the subrecipient compliance reports and issuing the management decision for any audit findings. That position was not filled until the December 2021 and no one else in ORSP completed these reviews during this timeframe.

The lack of monitoring subrecipients timely could result in continuing to pass-through federal monies to a subrecipient who is not in compliance with federal compliance. Noncompliance by a subrecipient that is not identified and addressed timely could jeopardize the University's receipt of future federal awards and public reputation.

Questioned Costs

No questioned costs were identified.

Statistical Sample

The sample was not intended to be, and was not, a statistically valid sample.

Repeat Finding

Yes, finding 2021-001

LEHIGH UNIVERSITY

Schedule of Findings and Questioned Costs

Year ended June 30, 2022

Recommendation

We recommend that Lehigh University strengthen its processes and controls to ensure the review of its subrecipient’s compliance reports is completed within six months of acceptance of the audit report by the FAC.

Views of Responsible Officials

Lehigh University accepts this finding. The review of fiscal year 2022 has been conducted and is complete for the review of those institutions who have submitted their audit reports to the Federal Audit Clearinghouse.

Finding 2022-002

Federal Agency: U.S. Department of Education
Program Name: COVID-19: Education Stabilization Fund - Higher Education
Emergency Relief Fund (HEERF)
Assistance Listing Number: 84.425E
Federal Award Year: Funding periods between April 28, 2020 through June 30, 2023
Compliance requirement: Reporting
Finding Type: Significant Deficiency

Criteria

The terms and conditions for HEERF recipients include the following reporting provisions:

Quarterly Public Reporting for (a)(1) Student Aid Portion (Assistance Listings 84.425E):

For CARES, beginning on May 6, 2020, ED required institutions that received a HEERF I Section 18004(a)(1) Student Aid Portion award to publicly post certain information on their website no later than 30 days after award, and update that information every 45 days thereafter (by posting a new report). On August 31, 2020, ED revised the EA by decreasing the frequency of reporting after the initial 30-day period from every 45 days thereafter to every calendar quarter. Grantees posting a 45-day report on or after August 31, 2020, should instead post a report every calendar quarter, with the first calendar quarter report due by October 10, 2020 and covering the period from after their last 45-day or 30-day report through the end of the calendar quarter on September 30, 2020. Institutions must publicly post their report as soon as possible, but no later than 30 days after the publication of the notice or 30 days after the date ED first obligated funds under HEERF I, II, or III to the institution for Emergency Financial Aid Grants to

LEHIGH UNIVERSITY

Schedule of Findings and Questioned Costs

Year ended June 30, 2022

Students, whichever comes later. The report must be updated no later than 10 days after the end of each calendar quarter (September 30, and December 31, March 31, June 30).

- Key Line Items – The following are identified as critical information for the Quarterly Public Reporting for Student Aid Portion:
 1. The total amount of Emergency Financial Aid Grants distributed to students under the CARES (a)(1) subprogram and the CRRSAA and ARP (a)(1) subprograms as of the date of submission (i.e., as of the initial report and every calendar quarter thereafter).
 2. The estimated total number of students at the institution that are eligible to receive Emergency Financial Aid Grants to Students under the CARES (a)(1) subprogram and the CRRSAA and ARP (a)(1) subprograms.
 3. The total number of students who have received an Emergency Financial Aid Grant to students under the CARES (a)(1) subprogram and the CRRSAA and ARP (a)(1) subprograms.
 4. The method(s) used by the institution to determine which students receive Emergency Financial Aid Grants and how much they would receive under the CARES (a)(1) subprogram and the CRRSAA and ARP (a)(1) subprograms.

Condition, including Perspective

Lehigh University is responsible for adhering to the HEERF reporting requirements as disclosed in the terms and conditions of the award. The funds were tracked internally correctly and were disbursed to the students properly; however, the University is expected to have a system of internal controls that supports the timely filing of complete and accurate quarterly reports.

Our procedures discovered that none of the University's student aid portion quarterly reports were completed and the University's website was not updated to disclose how the HEERF funds received were disbursed during the year ended June 30, 2022. The University has updated its website for the use of the HEERF funds and submitted all the quarterly reports for its fiscal 2022 year in September 2022. The amounts expended that were not reported timely for the student portions of HEERF II and III totaled \$119,522 and \$4,622,160, respectively.

Cause and Effect

There was a personnel change and reorganization of the designated team members charged with overseeing HEERF reporting requirements during the 2021 fiscal year. There were not controls in place to ensure the HEERF reporting requirements were being performed timely subsequent to this reorganization.

Questioned Costs

No questioned costs were identified.

LEHIGH UNIVERSITY

Schedule of Findings and Questioned Costs

Year ended June 30, 2022

Statistical Sample

The sample was not intended to be, and was not, a statistically valid sample.

Repeat Finding

Yes, finding 2021-002

Recommendation

We recommend that Lehigh University strengthen its processes and controls to ensure the filing of its HEERF quarterly reports is submitted timely and the use of these funds and other required information are reported on the University's website for public disclosure in a timely manner.

Views of Responsible Officials

Lehigh University accepts this finding.

All 2022 quarterly reports for student portion were completed and posted to the institution's webpage on September 21, 2022.
