IRBNet provides the research community with an unmatched set of secure, web-based collaboration tools to support the design, management, review and oversight of research involving human subjects, animal models, recombinant DNA, and more.

As a Researcher, Research Manager, or Research Coordinator, you should know how to log into IRBNet and then:

- Manage Projects from your My Projects page
- Create Your First Electronic Project
- Design and Assemble Your First Project Submission
- Share with Your Research Team
- Send Project Mail to Research Team Members
- Sign Your Project Package
- Submit Your Project Package for Review
- Revise Incomplete Submissions
- Access Review Decisions and Board Documentation
Log into IRBNet at: www.irbnet.org

Innovative Solutions for Compliance and Research Management

Comprehensive Solutions

The Industry's Most Complete Solution
IRBNet's unmatched suite of electronic solutions drives compliance and productivity for your Administrators, Committee Members, Researchers and Sponsors. These powerful research design, management and oversight tools support your IRB, IACUC, IBC, COI and other Boards with a unified solution.

Flexible, Intuitive and Easy to Use
Your own forms. Your own processes. Your own standards. Powerful reporting and performance metrics. The data you need. From electronic submissions to form wizards, to agendas, minutes, and more. Our easy to use, web-based tools are rapidly launched and backed by our best practices expertise and the industry's leading support team.

Secure, Reliable and Cost-Effective
IRBNet's secure web-based solution is accessible to your research community anytime, anywhere. Our enterprise-class technology is cost-effective and designed to accommodate institutions of any size.
**Access My Projects**

The My Projects page provides you with access to all of your research projects.

- Access your institution’s forms and instructions here.
- NOTE: The search feature at the top allows you to search by Project Tags, as well as fields such as Principal Investigator, Key Words, Internal Reference Number and Sponsor.
Organize your projects and manage workflow using Project Tags and Archiving.

1. Create and edit Project Tags by clicking this link.
2. Add a personal tag (only you can see it) or a shared tag (everyone with access can see it) to create your personalized filing structure.
3. Click here to Archive projects which are no longer active.
Create your New Project

Provide basic information about your project.

- The asterisk indicates a required field.
Review instructions, then begin to add your project documents (attachments and document wizards) for submission purposes.

1. Drop down menu reveals institution-specific libraries.
2. Select appropriate document and download.
3. If your institution requires the completion of an online IRBNet Document Wizard, click ‘Start a Wizard’ and select the form here.
4. Drag and drop, or click ‘Attach New Document’, to add multiple completed documents at one time.
Assemble your Submission Package (continued)

Multiple documents may be added at once by clicking ‘Attach New Document’, or by dragging onto the page from your desktop.
Finish incomplete documentation.

- Incomplete documentation is indicated within the Document Type field. Submission packages with incomplete items are prevented from submission.

- Incomplete items are indicated in (red).

- Click (please select) to choose Document Type.

- To finish incomplete (incomplete) Smart Forms, click the (-pencil).
Add relevant Training & Credentials (T&C) records, as required.

Be sure to link any required T&C documents, from the T&C records of any team members shared on the project.

- Submission package notes may be added here to aid later reference by your team.
- Click to Link any necessary T&C documents to this package.
- This lists all T&C documents for every team member ‘shared’ on this project.

**NOTE:** For information on uploading and managing T&C documents, see the New User Registration energizer.
Almost every project requires the “Share” designation.
Select your colleague’s institution

You may collaborate both within your Institution and across Institutions in the course of your project.

- Select 'Research Institution' to share with a team member.
- Select the Organization in which your colleagues are members.
- The default organization highlighted is your home institution.
Set the proper level of access

You may grant each member of your team the level of access that they require.

Grant only the level of access required for each collaborator.
Communicate with your Project Team

Use the Send Project Mail tool to quickly communicate with your team.

Sign your project package

Electronic signatures become a permanent part of your electronic audit trail.

- Choose your project role from the drop down menu.
- Sign according to your institution’s requirements.

- Anyone shared with access to the project may sign a study.
Submit your project’s package for review

You may submit your project’s package to one or more boards for review.

IRBNet supports multiple models of review. Using the IRBNet “Submit” feature, you may electronically submit this document package to either a single Board, or to multiple Boards. Each Board you submit to will be notified of your submission and given access to view your electronic documents. Each Board will also be permitted to electronically record their review decision, which will be stored as a permanent part of your project record. You will be automatically notified when the review decision is electronically recorded.

Please select a Board:

- Only show My Default Boards
- Gotham IRB, Frederick, MD
- Western Institutional Review Board (WIRB), Puyallup, WA

The default board for your institution is highlighted.
Submit to your Board

The system enables you to send a message to your coordinator and indicate the submission type. IRBNet knows the coordinator of your committee.

Note: The package will be locked upon submission.
Did you submit an incomplete package?

If you have forgotten to add a necessary document or need to make a quick change to a recently submitted project package, CONTACT YOUR LOCAL BOARD ADMINISTRATOR.

For advanced topics, such as submitting subsequent packages (for reportable events, continuing reviews, modifications, etc.), please refer to the R2 Training Energizer. CONTACT YOUR LOCAL BOARD COORDINATOR if you have questions.
Managing unlocked packages

If revisions are needed before your submission is reviewed, your coordinator may unlock the package for you to revise. Unlocked projects can easily be managed from the My Projects page.

- Open your project by clicking the Project Title.
- Indicates your Coordinator has "unlocked" the package for further revisions.
While the package is “unlocked,” from the Designer page you may add or revise documents, before you ‘Mark Revisions Complete’.

- Indicate to your board administrator you have completed your revisions. This will “re-lock” the package.
- View complete audit trail of package locking and unlocking. Instructions from your Coordinator may be found here.
- Attach additional documents here.
Receive your review decision

Review decisions are available in real time from your Project Overview.

The documents for this project can be accessed from the Designer.

Project Status as of: 03/12/2013
