“Work hard and you can do amazing things!”
- Summer, 2014 Camper
LEHIGH UNIVERSITY
S.T.A.R. SUMMER CAMP 2015

ACADEMIC OUTREACH within the Provost's Office at Lehigh University is excited to offer three science, math and technology camps during June of 2016. During each week of camp the students will have the opportunity to experience residential life on Lehigh's campus, as well as academic sessions, information sessions about getting into college and affording college. Campers will interact with current Lehigh students as well as entering first year students. They will experience academic sessions and perform hand-on experiments in college labs. The campers experience will be enriched with off-campus excursions.

STUDENT REQUIREMENTS
• Open to rising 10th and 11th graders
• Bethlehem Area School District students
• Students from economically challenged homes
• Must be nominated by a teacher or a guidance counselor
